💼 PROFESSIONAL EXPERIENCE

Buddy Loan, *Product Manager* 🔗

12/2022 – present | Bengaluru, India
- Developed new loan application journey with founders and design team
- Identified user problems using app usage data and reviews
- Created product metrics dashboard with Looker
- Interacted with vendors like Amplitude, UXCam, Plaid, Finbox, Signzy
- Worked with developers on lender API integration
- Collaborated with business teams to add "student" category for borrowers

Annapurna Finance Pvt Ltd, *Senior Manager* 🔗

08/2021 – 08/2022 | Bhubhaneswar, India

Annapurna is a large NBFC-MFI providing unsecured, joint liability loans to rural women for income generating activities

Product (Field Force Management - Internal App Development)
- Wrote requirements document which included expected features & functionality including SOS alert, maps based risk insights, distance travelled using GPS data, real-time task allocation & completion report, conveyed requirements to 7 vendors & received commercials from 4.
- Conducted field pilots with 2 vendors & 100 participating users.
- Worked on features to solve for user problems seen in the pilots, route caching for limiting **battery use**, using algorithms to clean **bad quality GPS data**, automating app inputs by using geofencing to reduce **user effort**

Project
- Managed availability of PMs, Director & IT Head for meetings, wrote & shared MoM, owned & updated project progress report that was shared to CEO

Analytics
- Conducted research to identify areas for introducing insurance & healthcare products (using EM-DAT 🔗 , NHM 🔗 , IMD 🔗 , census & company data)
- Developed a geo-query tool to simplify work of process quality team, using python & sheets (>2000 data points per month were being manually received from field staff & geo-referenced by a team of 5)
  - The tool reduced email & phone conversations by 90%
- Wrote **python scripts** & created **knime** & **powerautomate** workflows to reduce analyst effort and time, transferred these skillsets to analysts
- Combined a large dataset to send analytics & GIS reports to >800 line managers every month

ISLab, Indian School of Business, *Entrepreneur* 🔗

2020 – 2021 | Hyderabad, India

ISLab is a pre-accelerator training program for aspiring entrepreneurs. Top 50 pitch decks were selected to participate from a pool of over 1200.

Pahal Financial Services Pvt Ltd, *Management Trainee* 🔗

04/2019 – 07/2020 | Ahmedabad, India
- **BI Dashboards:** Created **powerbi** dashboards, field officer report card & its KPIs
- **Customer Engagement Platform:** Managed SMS & IVR campaign creatives & data
- **Delinquency Management:** Conducted survey of field staff & customers to understand reasons for concerted delinquency in JLG groups.

⚗️ PRODUCT FELLOW @ UPRAISED
